Happy to see her, remember me
to her. Sometimes when you
go into the general store near
Kingston Corners, inquire for
Mrs James Frances or Mrs
Mable Frances and go and
speak to her, telling her who
you are and that I asked you
to introduce yourself. She (his
Mable Reese (Mrs Shepper's sister)
and she would like to meet you.

Well, the English text
papers are shouting for my
attention. Altho I hate to even
look at them, I guess I'll see
what they have to say about
themselves.

I am sending enough love
to weigh this letter down but
it is flying to you so my letter
will come for 12 cents. Sincerely,
Eduard
